

Dear stakeholders/partners,

We have some news regarding the activities implemented within the project “Digital Simulator for Entrepreneurial Finance”, acronym FINANCEn\_LAB, project reference number 2020-1-ES01-KA226-HE-095810, in the second quarter of 2022.

1. The fifth virtual meeting of the European project FINANCEn\_LAB

The fifth meeting of the consortium led by FUNIBER in the framework of the FINANCEn\_LAB project funded by the European Union (Erasmus + Strategic Pacts in the field of Education, Training, and Youth KA226) was held on 25 May 2022.

The meeting was attended by Inna Alexeeva and Thomas Prola (FUNIBER), Maydelis Trujillo and Fernando Tejerina Gaité (UVa), Jose Manuel Breñosa (CITICAN), Sorin Gabriel Anton (UAIC), Ana Kaminska and Joanna Rudawska (UJK), and Erika Nepp (TVW).

During the virtual meeting, the partners discussed advances in intellectual outputs IO2 and IO3, preparation of the next meeting in Romania (October 2022), quality assurance - summary of the latest report, and communication and dissemination activities.

2. Pilot/learning activity with the first digital tool

The first version of the digital simulator is tested by students and entrepreneurs till the end of June 2022. Under the coordination of TVW, German entrepreneurs are testing the digital simulator and their feedback will be incorporated into the refinement of the app. Simultaneously, students from Poland, Romania, and Spain are also testing the simulator. Thus, students from different fields (Business Management, Engineering, Psychology, Journalism) will have the opportunity to learn using practical cases on financing using different sources (such as crowdfunding, business angels, bootstrapping, etc.). After completion of one practical case, the students will receive a certificate.

Best regards,
